# eSign Document using **Aadhaar OTP**

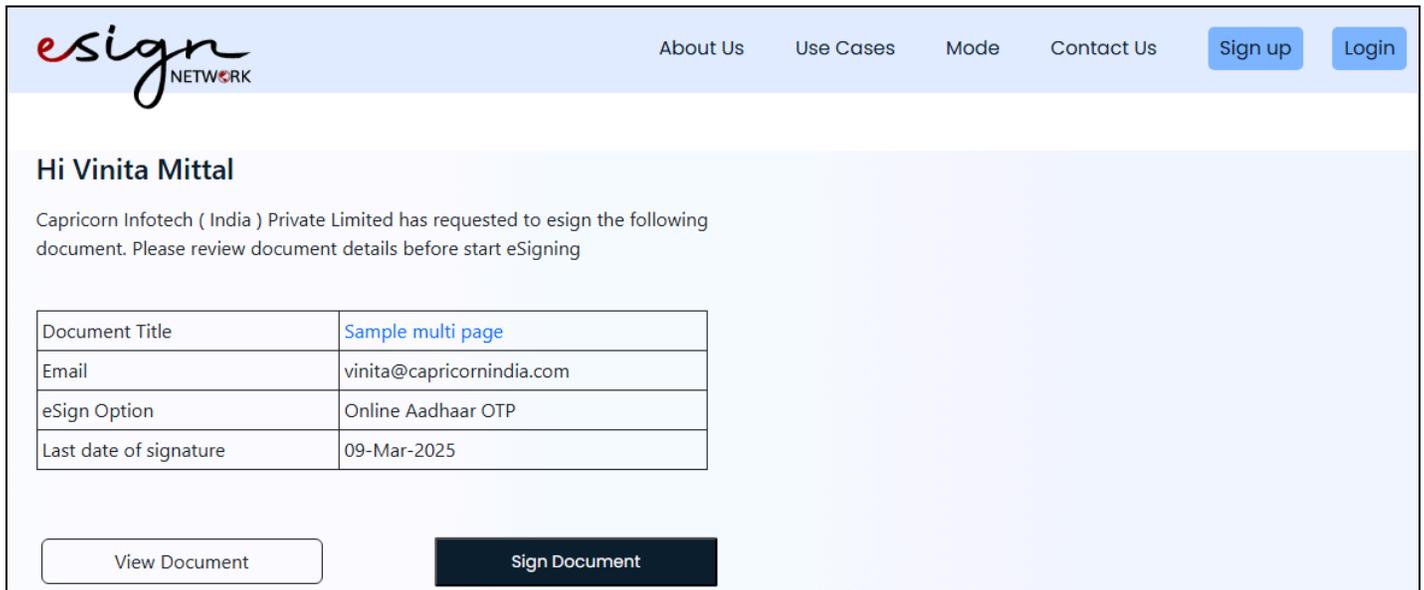

Capricorn Identity Services pvt. Ltd.

Licensed Certifying Authority (CA) under IT Act, 2000.

## eSign Document using Aadhaar OTP

- Before eSigning Document with the **Aadhaar OTP** method below are the few prerequisites:
  - Users must have a valid Aadhaar.
  - The mobile number is registered with Aadhaar to get OTP.
- Steps to eSign Document using Aadhaar OTP.
  - Here you'll be redirected when users click on the **eSign** Button.

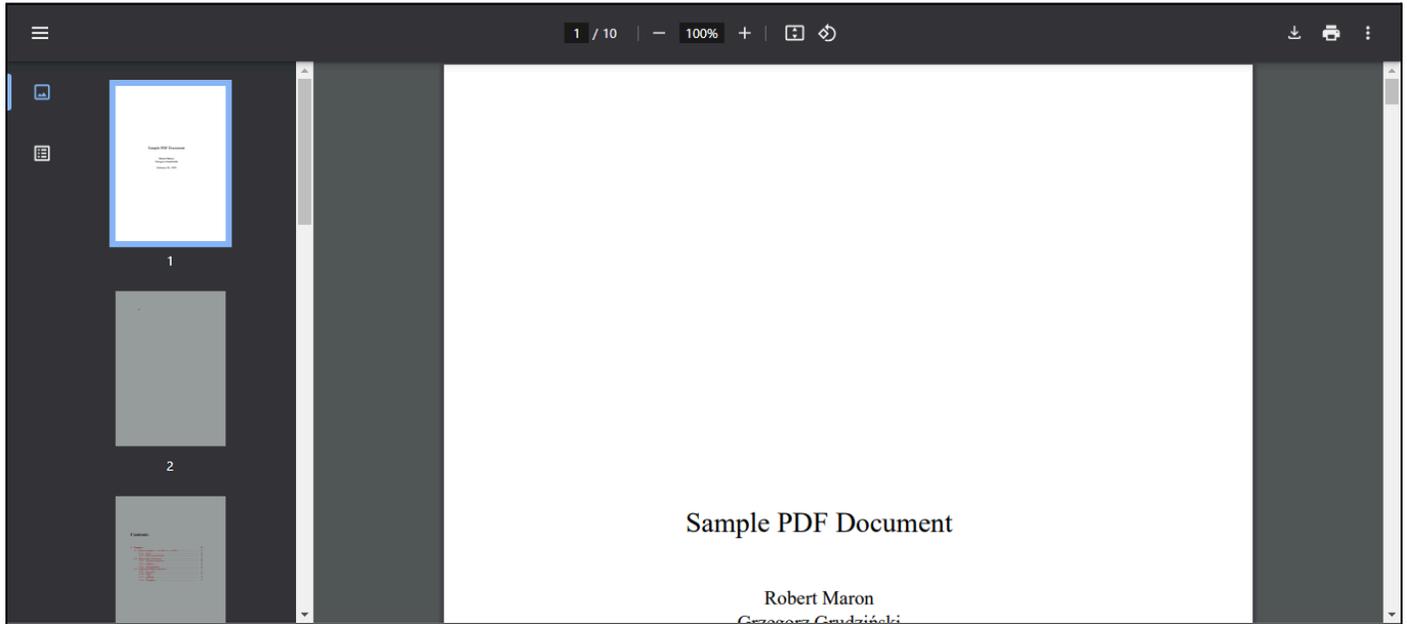

The screenshot shows the eSign NETWORK interface. At the top, there is a navigation bar with the eSign NETWORK logo on the left and links for 'About Us', 'Use Cases', 'Mode', 'Contact Us', 'Sign up', and 'Login' on the right. Below the navigation bar, the user is greeted with 'Hi Vinita Mittal'. A message states: 'Capricorn Infotech ( India ) Private Limited has requested to esign the following document. Please review document details before start eSigning'. Below this message is a table with the following details:

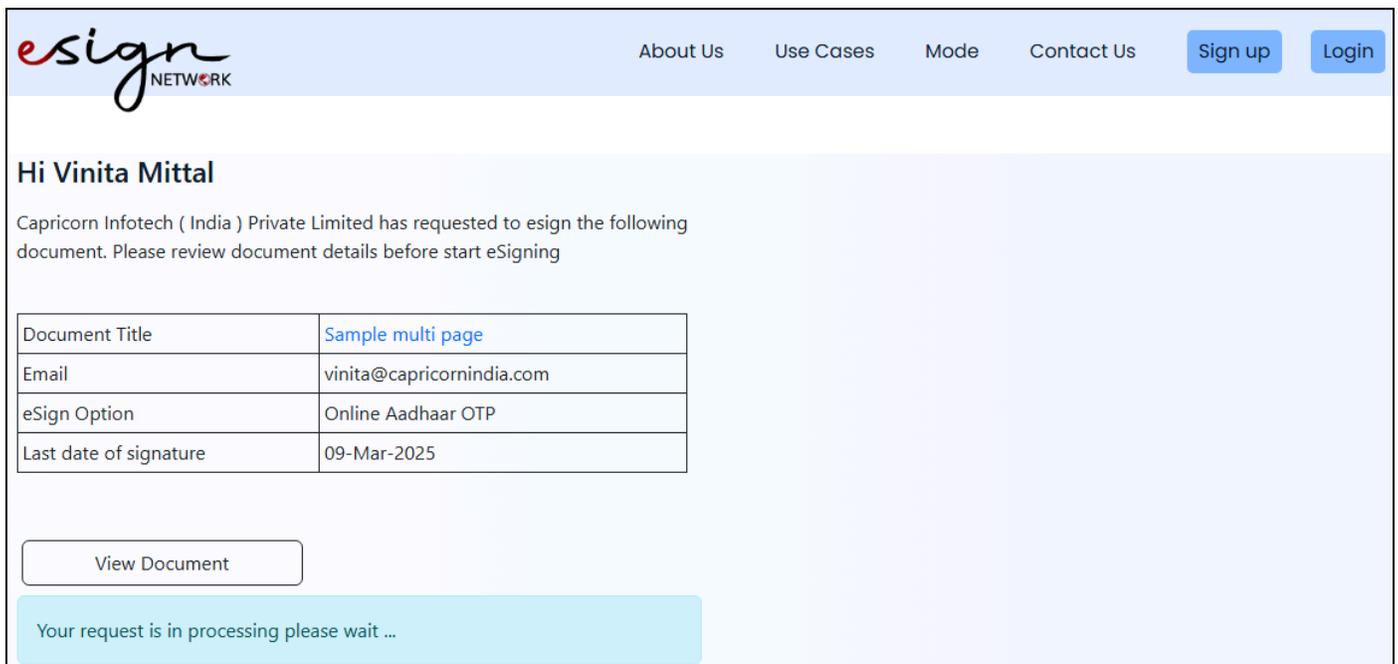

Document Title	<a href="#">Sample multi page</a>
Email	vinita@capricornindia.com
eSign Option	Online Aadhaar OTP
Last date of signature	09-Mar-2025

At the bottom of the interface, there are two buttons: 'View Document' and 'Sign Document'.

- In the above picture, users will encounter two buttons, **View Document**, and **Sign Document** respectively. If the user wants to view the document, they will click on the **'View Document'** button, and the document will open.

- Now, the user will click on the **'Sign Document'** button and the request will start processing.

- Then the user will be redirected to the **eSign Service Provider (ESP)** Portal.

**eSign DIGITAL**  
Empanelled eSign Service Provider
